

Drip Irrigation Installation Workshop & BBQ

Sept 6, 2007

Breaking Ground...

The workshop, held on a stunning Pacific Northwest fall day at the OSD shop, was well attended and resulted in a successful drip irrigation installation. The installation was conducted on a lot adjacent to the shop on Mt. Baker Rd. with design assistance from our new Trimble GPS Navigational system. Contractors & regulators from San Juan & Skagit counties enjoyed a BBQ lunch and prize giveaways.
